ESSKA Congress | Medical Education Programme

May 2nd – 5th 2012 | Geneva

Wednesday, May 2nd, 2012

Add to my agenda now

Anatomic ACL Reconstruction

12:00 – 14:00 | Conference room B

Moderator: Charles Brown, MD – UAE/USA

Current Concepts:

- Andrew Amis, MD – UK | ACL Anatomy and Biomechanics of ACL Reconstruction
- Freddie Fu, MD – USA | ACL Reconstruction: Do We Have a Problem?
- Charles Brown, MD – UAE/USA | What is Anatomic ACL Reconstruction and How Do We achieve it?
- Rainer Siebold, MD – Germany | The Concept of Footprint Restoration
- James Robinson, MD – UK | Where Do I Place My Tunnels?
- Bertrand Sonnerly-Cottet, MD – France | Biological Enhancement of ACL Reconstruction
- Freddie Fu, MD – USA | ACL Reconstruction: Where Do We Go From Here?

Surgical Techniques:

- Tim Spalding, MD – UK | Anatomic Single-Bundle ACL Reconstruction
- Luigi Pederzini, MD – Italy | Anatomic ACL Reconstruction: Outside-In Approach
- Patrick Djian, MD – France | Anatomic Double-Bundle ACL Reconstruction
- Charles Brown, MD – UAE/USA | Augmentation Technique for Partial ACL Tears

Case Presentations (All Faculty)

Thursday, May 3rd, 2012

Current Concepts in Shoulder Arthroscopy

12:00 – 14:00 | Conference room B

- Nikhil Verma, MD – USA | Glenoid Portal Position, A study looking at straight & Curved anchor insertion
- Jaap Willems, MD – Netherlands | Glenoid bone loss; The Challenges
- Michael Terry, MD – USA | Rotator Cuff Repair with Biologic Augmentation; Where is the Future?
- Olivier Verborgt, MD – Belgium | Healing Challenges for Cuff Repair

Meniscal Repair Reception

18:00 – 20:00 | Hotel Starling, Geneva – CRANS meeting room

Moderator: Charles Brown, MD – UAE/USA

- Peter Verdonk, MD – Belgium | Why Save the Meniscus?
- Rainer Siebold, MD – Germany | Which Tears to Repair
- Charles Brown, MD – UAE/USA | Inside-Out Meniscus Repair Technique
- Tim Spalding, MD – UK | Outside-In Meniscus Repair Technique
- Rainer Siebold, MD – Germany | FAST-FIX 360 All-Inside Meniscus Repair Technique

Friday, May 4th, 2012

Hip Preservation: Case Studies on Arthroscopic
Tips and Pearls 12:00 – 14:00 | Conference room B

Add to my agenda now

Faculty:

- Marc J. Philippon, MD – USA
- Michael Dienst, MD – Germany
- Luis Pérez Carro, MD – Spain
- Marc R. Safran, MD – USA
- Richard Villar, MD – UK

Proven Performance meets Continuous Innovation
12:00 – 14:00 | Le Jura

Add to my agenda now

Moderator: Sébastien Parratte, MD – France

The influence of implant designs and Technologies in TKA outcomes

- Jan Victor, MD – Belgium | Does Implant Design Influence Long-term Outcomes?
- Carsten Tibesku, MD – Germany | Is VISIONAIRE[°] Technology the answer to rotational alignment?
- Jean-Philippe Luyckx – Belgium | VERILAST[°] Technology. An Engineer's Perspective
- Neil Thomas, MD – UK | Building further upon the JOURNEY experience
- Andrew Porteous, MD – UK | Optimising outcomes in Revision TKA

“Ask the Expert” sessions

Location: **Smith & Nephew booth**

Pascal Christel, MD – Saudi Arabia | Wednesday, May 2nd 15:30 – 16:00

Charles Brown, MD – UAE/USA | Thursday, May 3rd 10:00 – 10:30

Peter Verdonk, MD – Belgium | Thursday, May 3rd 15:30 – 16:00

Niek Van Dijk, MD, Netherlands | Friday, May 4th 10:00 – 10:30
