

Course Agenda • Friday, October 8, 2010

- 8:00 - 10:00** ISHA General Meeting for Members Only
- 10:00 - 10:15** Break
- 10:15 - 10:30** **Welcome & Introduction**
Richard Villar, BSc (Hons) MA MS FRCS, UNITED KINGDOM
Victor Ilizaliturri Jr., MD, MEXICO
- 10:30 - 11:05** **Symposia 1: Access and Positioning & Anatomy Video Vignettes**
Moderator: John O'Donnell, MBBS, FRACS, FAOrthA, AUSTRALIA
- 10:30 - 10:34 Fundamentals of Traction
Michael Dienst, MD, GERMANY
- 10:34 - 10:38 Video Presentation - Supine Approach
J W Thomas Byrd, MD, USA
- 10:38 - 10:42 Lateral Approach
Victor Ilizaliturri Jr., MD, MEXICO
- 10:42 - 10:46 Pin Distractor
Hassan Sadri, MD, SWITZERLAND
- 10:46 - 10:50 Central and Peripheral Compartment Anatomy
Carlos Guanche, MD, USA
- 10:50 - 10:54 Portals and Their Relation with Periarticular Structures
Luis Pérez Carro, MD PhD, SPAIN
- 10:54 - 11:05 Discussion
- 11:05 - 11:25** **Master Lecture: History of Hip Arthroscopy**
Moderator: Richard Villar, BSc (Hons) MA MS FRCS, UNITED KINGDOM
- 11:05 - 11:07 Introduction
Richard Villar, BSc (Hons) MA MS FRCS, UNITED KINGDOM
- 11:07 - 11:25 History of Hip Arthroscopy
Ejnar Eriksson, MD, SWEDEN

- 11:25 - 12:25** **Symposia 2: Imaging Techniques in the Hip Joint**
Moderator: Rodrigo Mardones, MD, CHILE
- 11:25 - 11:35 Gold Mine of Information: Plain Radiographs
Martin Beck, MD, SWITZERLAND
- 11:35 - 11:45 The Role of MRA in Hip Diagnosis Today
Thomas Sampson, MD, USA
- 11:45 - 11:55 CT 3D Surgery: So Much Information
John O'Donnell, MBBS, FRACS, FAOrthA, AUSTRALIA
- 11:55 - 12:05 CT Research in Hip Arthroscopy
Robert L. Buly, MD, USA
- 12:05 - 12:15 Comparative Findings: Arthroscopy and Surgery
Thomas Sampson, MD, USA
- 12:15 - 12:25 Discussion
- 12:25 - 13:10** **Lunch in Exhibits**
- 13:10 - 14:40** **Paper Session I - Basic Science**
Moderator: Allston Stubbs, MD, USA
- 13:10 - 13:17 Paper 1: Evaluation of Acetabular Contact Areas and Femoral Head Motion In Vivo During Pivoting Motion of the Hip
Marc R. Safran, MD, USA
- 13:17 - 13:24 Paper 2: Biomechanical Alterations in Patients With Femoroacetabular Impingement
Brian D. Giordano, MD, USA
- 13:24 - 13:31 Paper 3: Four Dimensional Computer Tomographic Video Evaluation in Hip Arthroscopy
Christoph Georg Gebhart, MD, AUSTRIA
- 13:31 - 13:38 Paper 4: Cross-Sectional Analysis of Iliopsoas Muscle-Tendon Units at the Three Sites of Arthroscopic Tenotomies: An Anatomic Study
Josh R. Blomberg, MD, USA
- 13:38 - 13:45 Paper 5: The Effect of Platelet Enriched Plasma on Early Clinical Outcomes in Patients With Femoroacetabular Impingement Following Arthroscopic Labral Repair and Femoral Neck Osteoplasty
Brian D. Giordano, MD, USA
- 13:45 - 13:55 Discussion

- 13:55 - 14:02 Paper 6: The Painful Total Hip Arthroplasty: Is There A Role for Hip Arthroscopy?
Joseph C. McCarthy, MD, USA
- 14:02 - 14:09 Paper 7: Use of Arthroscopy in Assessing the Painful Resurfacing Arthroplasty
David Alexander Young, MBBS, FRACS (Orth), AUSTRALIA
- 14:09 - 14:16 Paper 8: Hip Arthroscopy for the Diagnosis and Treatment of Synovial Chondromatosis
Joseph C. McCarthy, MD, USA
- 14:16 - 14:23 Paper 9: Comparison Of Ultrasonography, MRI Arthrograms and Hip Arthroscopy in Labral Pathology Diagnostics
Bent Lund, MD, DENMARK
- 14:23 - 14:30 Paper 10: Early Clinical Outcome Following Arthroscopic Management for Femoroacetabular Impingement in Japanese Patients: Rim Trimming, Labral Repair and Osteochondroplasty
Soshi Uchida, MD, JAPAN
- 14:30 - 14:40 Discussion
- 14:40 - 15:00 Break**
- 15:00 - 16:00 Symposia 3: Case Presentations**
Moderator: Joseph McCarthy, MD, USA
- 15:00 - 15:10 Case Presentation #1
- 15:10 - 15:20 Case Presentation #2
- 15:20 - 15:30 Case Presentation #3
- 15:30 - 15:40 Case Presentation #4
- 15:40 - 15:50 Case Presentation #5
- 15:50 - 16:00 Discussion
- 16:00 - 16:40 Symposia 4: Outcome Measures**
Moderator: Giancarlo Polesello, MD, BRAZIL
- 16:00 - 16:10 Geographic Localization and Clockface of Hip Injury
Marc Safran, MD, USA
- 16:10 - 16:20 Views from the MAHORN Group
Nick Mohtadi, MD, CANADA
- 16:20 - 16:30 A New Validated Score to Document Outcomes Following Hip Arthroscopy
Karen Briggs, MPH, USA
- 16:30 - 16:40 Complications of Hip Arthroscopy
Carlos Guanche, MD, USA
- 16:30 - 18:00 MODEL LAB - Additional Registration Required**

Course Agenda • Saturday, October 9, 2010

- 7:00 - 8:30** **MODEL LAB - Additional Registration Required**
- 8:30 - 8:50** **Master Lecture: The Concept of Femoroacetabular Impingement**
Moderator: Victor Ilizaliturri Jr., MD, MEXICO
- 8:30 – 8:35 Introduction
Victor Ilizaliturri Jr., MD, MEXICO
- 8:35 - 8:50 The Concept of Femoroacetabular Impingement
Martin Beck, MD, SWITZERLAND
- 8:50 – 9:35** **Paper Session II - ISHA Trainee Presentation Prize Finalists**
Moderator: Rodrigo Mardones, MD, CHILE
- 8:50 - 8:57 Paper 11: Reshaping the Hip, Reshaping the Walk: Gait Abnormalities in FAI
and the Effect of Surgery
Beatrice Shu, MD, USA
- 8:57 - 9:04 Paper 12: Vascular Safe Zones During Hip Arthroscopy
Frank McCormick, MD, USA
- 9:04 - 9:11 Paper 13: Correlation Of Magnetic Resonance Arthrography Findings With
Revision Hip Arthroscopy
Philip Justin Glassner, MD, USA
- 9:11 - 9:18 Paper 14: Outcomes Following Hip Arthroscopy for FAI in the Adolescent
Patient
Leandro Ejnisman, MD, USA
- 9:18 - 9:25 Paper 15: Evaluation of Alpha Angle as a Predictor of Outcome in the
Arthroscopic Management of Labral Disease
Michael Bloomfield, MD, USA
- 9:25 - 9:35 Discussion

9:35 - 10:20

Paper Session III - General Hip Arthroscopy

Moderator: Rodrigo Mardones, MD, CHILE

9:35 - 9:42

Paper 16: Arthroscopic Repair of Acetabular Chondral Delamination With Fibrin Adhesive

Alexandros Tzaveas, MD, MSc, UNITED KINGDOM

9:42 - 9:49

Paper 17: Open Surgical Dislocation Versus Arthroscopic Treatment of Femoro-Acetabular Impingement: A Prospective Comparison of A Single Surgeon Clinical Results

Itamar Buseri Botser, MD, USA

9:49 - 9:56

Paper 18: Preoperative Strength Influences Recovery Following Hip Arthroscopy

John Cooper, MD, USA

9:56 - 10:03

Paper 19: Os Acetabuli in 13 Hips - Several Entities?

Sverre Løken, MD, PhD, NORWAY

10:03 - 10:10

Paper 20: Results of Hip Arthroscopy in Patients That Sustain Iatrogenic Punctures of the Labrum

Josh R. Blomberg, MD, USA

10:10 - 10:20

Discussion

10:20 - 10:50

Break to Visit Exhibits

10:50 - 12:15

Symposia 5: Debates

Moderator: Thierry Boyer, MD, FRANCE

10:50 - 10:57

Arthroscopic Management of FAI, Pincer, Always Rim Trim, Labral Reattachment

Marc Philippon, MD, USA

10:57 - 11:04

Arthroscopic Management of FAI, Pincer, Always Rim Trim, No Labral Reattachment

Thomas Sampson, MD, USA

11:04 - 11:14

Discussion

11:14 - 11:21

Arthroscopic Management of Cam Impingement

Marc Philippon, MD, USA

11:21 - 11:28

Open Management of Can Impingement

Martin Beck, MD, SWITZERLAND

11:28 - 11:35

Mini-Open Management of FAI

Manuel Ribas, MD, SPAIN

11:35 - 11:45

Discussion

- 11:45 - 11:52 Cartilage Flap, Membrane with Chondrocytes
Andrea Fontana, MD, ITALY
- 11:52 - 11:59 Cartilage Flap, Fibrin Glue
Jonathan Bunn, MD, IRELAND
- 11:59 - 12:06 Cartilage Flap, Microfracture
Benjamin Domb, MD, USA
- 12:06 - 12:15 Discussion
- 12:15 - 13:00 Symposia 6: Global Status of Hip Arthroscopy**
Moderator: Richard Villar, BSc (Hons) MA MS FRCS, UNITED KINGDOM
- 12:15 - 12:17 Introduction
Richard Villar, BSc (Hons) MA MS FRCS, UNITED KINGDOM
- 12:17 - 12:22 Scandinavia
Tom Ludvigsen, MD, NORWAY
- 12:22 - 12:27 Africa
Josip Cakic, MD, PhD, SOUTH AFRICA
- 12:27 - 12:32 Pacific Rim (Far East)
Jason Brockwell, MD, HONG KONG
- 12:32 - 12:37 Australia & New Zealand
Michael Pritchard, FRACS, AUSTRALIA
- 12:37 - 12:42 India & the Middle East
Vijay Shetty, MD, INDIA
- 12:42 - 12:47 Europe
Antonio (Tony) Andrade, MB BS, FRCS (Tr & Orth), UNITED KINGDOM
- 12:47 - 12:52 The Americas
Benjamin Domb, MD, USA
- 12:52 - 13:00 Discussion
- 13:00 - 13:10 Working Lunch (lunches can be picked up from the rear of the session room)**

13:10 – 13:55

Paper Session IV - Extra Articular Hip Arthroscopy

Moderator: Michael Dienst, MD, GERMANY

13:10 - 13:17

Paper 21: The Outcome of Arthroscopic Treatment of Lateral Trochanteric Pain Syndrome - A Retrospective Review

John M. O'Donnell, MBBS, FRACS, FAOrthA, AUSTRALIA

13:17 - 13:24

Paper 22: Results of Endoscopic Lengthening of Fascia Lata and Trochanteric Bursectomy for the Treatment of Persistent Trochanteric Bursitis

Arash Nabavi-Tabrizi, MD, AUSTRALIA

13:24 - 13:31

Paper 23: The Endoscopic Treatment of Sciatic Nerve Entrapment/Deep Gluteal Syndrome

Hal Martin, DO, USA

13:31 - 13:38

Paper 24: Arthroscopic Release of External Snapping Hip Syndrome

Jan Somers, MD, BELGIUM

13:38 - 13:45

Paper 25: Endoscopic Gluteus Maximus Tendon Release for External Snapping Hip Syndrome

Giancarlo Polesello, MD, BRAZIL

13:45 - 13:55

Discussion

13:55 - 14:40

Paper Session V -Sports Medicine & Young Patients

Moderator: Michael Dienst, MD, GERMANY

13:55 - 14:02

Paper 26: Are Years of Sport Participation Associated With Femoroacetabular Impingement?

Karen K. Briggs, MPH, USA

14:02 - 14:09

Paper 27: Abnormal Exam and Imaging Findings in Asymptomatic, Elite College Football Players

Karen K. Briggs, MPH, USA

14:09 - 14:16

Paper 28: Outcomes After the Arthroscopic Treatment of Femoro-Acetabular Impingement in a Mixed Group of High Level Athletes

Shane J. Nho, MD, USA

14:16 - 14:23

Paper 29: Recognising Borderline Hip Dysplasia on Pelvic Radiographs of Young Adults

Chris Paliobeis, MD, UNITED KINGDOM

14:23 - 14:30

Paper 30: The Outcome of Hip Arthroscopy in Teenagers - A Review of 96 Cases

John M. O'Donnell, MBBS, FRACS, FAOrthA, AUSTRALIA

14:30 - 14:40

Discussion

- 14:40 - 15:10** **Presidential Ceremony of ISHA**
14:40 - 14:50 Presentation of President
 Joseph McCarthy, MD, USA
- 14:50 - 15:00 President's Address to Membership
 Richard Villar, BSc (Hons) MA MS FRCS, UNITED KINGDOM
- 15:00 - 15:05 Transfer of Presidency
15:05 - 15:10 Future of ISHA and Announcement of Vice President by President-Elect
- 15:10 - 15:30** **Break to Visit Exhibits**
- 15:30 - 16:20** **Symposia 7: Lectures**
 Moderator: Hassan Sadri, MD, SWITZERLAND
- 15:30 - 15:37 Synovial Tissue Pathology in the Hip
 Thierry Boyer, MD, FRANCE
- 15:37 - 15:44 Hip Instability
 Srino Bharam, MD, USA
- 15:44 - 15:51 Development Hip Displasia
 Joseph McCarthy, MD, USA
- 15:51 - 15:58 The Pediatric Hip and Hip Deformaties in Adolescents
 Giancarlo Polesello, MD, BRAZIL
- 15:58 - 16:05 Postraumatic Hip
 Victor Ilizaliturri Jr., MD, MEXICO
- 16:05 - 16:12 Social & Professional Networking in Hip Arthroscopy
 Jon Hyman, MD, USA
- 16:12 - 16:20 Discussion

16:20 - 17:05

Paper Session VI - Impingement

Moderator: Thomas Sampson, MD, USA

16:20 - 16:27

Paper 31: Is There a Genetic Link to FAI: A DNA Pilot Study of Gdf5 And Frizzle Single Nucleotide Polymorphisms

Marc R. Safran, MD, USA

16:27 - 16:34

Paper 32: Femoroacetabular Impingement and Squats: A Potentially Harmful Combination

Giancarlo Polesello, MD, BRAZIL

16:34 - 16:41

Paper 33: Short to Medium Term Results of Arthroscopic Hip Surgery for the Treatment of Femoroacetabular Impingement.

Arash Nabavi-Tabrizi, MD, AUSTRALIA

16:41 - 16:48

Paper 34: Factors Associated With Failure After Hip Arthroscopy in Femoroacetabular Impingement

Juan Manuel Nossa, MD, COLOMBIA

16:48 - 16:55

Paper 35: Arthroscopic Femoral Osteochondroplasty for Cam Femoroacetabular Impingement in Patients Over 60 Years of Age

Arshad Javed, FRCS (T&O), AUSTRALIA

16:55 - 17:05

Discussion

17:05 - 17:50

Paper Session VII - Other

Moderator: Thomas Sampson, MD, USA

17:05 - 17:12

Paper 36: Arthroscopic Ligamentum Teres Reconstruction

Karen K. Briggs, MPH, USA

17:12 - 17:19

Paper 37: Reconstruction of the Ligamentum Capitis Femoris: Anatomic, Magnetic Resonance and Computed Tomography Study.

Carlos Galindo Rubín, MD, SPAIN

17:19 - 17:26

Paper 38: Endoscopic Surgery of Recalcitrant Osteitis Pubis in a Patient with Bilateral Femoroacetabular Impingement

Dean K. Matsuda, MD, USA

17:26 - 17:33

Paper 39: The Prevalence of Dysplasia in Femoroacetabular Impingement

Chris Paliobeis, MD, UNITED KINGDOM

17:33 - 17:40

Paper 40: The Responsiveness and Minimal Clinically Important Difference (MCID) of the Mahorn Quality of Life Tool

Lisa Phillips, MD, CANADA

17:40 - 17:50

Discussion

17:50 - 18:00

Closing Remarks

Richard Villar, BSc (Hons) MA MS FRCS, UNITED KINGDOM

Victor Ilizaliturri Jr., MD, MEXICO
